Protection for the
treatment of cancer and
23 specified diseases

Individual Cancer and Specified Disease Insurance

A cancer diagnosis can be one of life's most frightening experiences. Not only is life threatened, but a diagnosis may mean years of difficult treatment and thousands of dollars in medical bills. The financial impact of cancer may last long after remission.

By offering this Cancer and Specified Disease Insurance (CP12) product, you give your employees additional financial support against the exorbitant cost of cancer and other specified diseases. This insurance may allow employees with a cancer diagnosis to be able to:

- **Protect** medical savings accounts, retirement accounts, and other assets from out of pocket medical expenses
- **Access** top of the line providers and specialized life-saving treatments, despite additional out of pocket costs
- **Afford** other expenses not covered by major medical, such as travel costs or child-care services

CP12 pays cash benefits directly to your employee to help with the costs of treatments and expenses as they happen. Here are some additional reasons to promote this valuable product:

- **No cost to the employer; major advantage to the employee**
There's no cost to the employer, so offering CP12 to employees is an easy choice
- **Customized plan design**
This product has significant benefit flexibility so consumers with varying needs of coverage can get the coverage that fits them best
- **Protected by the Good Hands®**
CP12 gives customers the extra protection they need – before they experience a costly life event
